## Graphic Designer

### Work Experience

#### Graphic Designer, Digital Marketer and Illustrator

*Self-employed, Oslo + Ulsteinvik, NO + London, UK*

*July 2006 - present*

I am currently based in Oslo, freelancing full-time as a graphic designer, digital marketer and illustrator. As a freelance designer I have designed for clients such as Universal Music, Honda UK, Schneider Electric, Nokia, ODA-nettverk, Musea i Sogn og Fjordane and the municipality of Oslo.

In addition to graphic design, I enjoy working with social media, content marketing, PR, copywriting and digital marketing. These interests reflect my past roles; digital marketer, marketing project manager, magazine editor and marketing communications specialist.

I write and give design lectures on a freelance basis. Education clients include Noroff School of Technology and Digital Media, Ytre Kunstfagskole and Volda University College.

Subjects I have taught are graphic design, front-end, digital marketing, UX/UI and copywriting for the web, web design, Figma, social media, typography, photography, Adobe Photoshop, InDesign and Illustrator, as well as editorial design.

In August 2020 I collaborated with artist Tine Isachsen on a course in digital self-promotion for artists at Møre og Romsdal Kunstsenter in Molde, and in 2023 Ingvild Mork and I launched our course in social media promotion to small businesses (Datastyr).

#### Digital Marketing Lecturer

*Noroff School of Technology and Digital Media, Oslo, NO*

*July 2020 - July 2022 (promotion from previous position)*

20% position as Digital Marketing Lecturer at Noroff School of Technology and Digital Media’s Oslo campus. I taught on the Digital Marketing course, covering subjects from creativity/idea generation and UI/UX through to Adobe Photoshop/Illustrator/InDesign and design for social media. In addition, I was tutoring, marking and providing general study support.

#### Digital Marketing Study Support

*Noroff School of Technology and Digital Media, Oslo, NO*

*January 2020 - July 2020*

See description above for “Digital Marketing Lecturer”. I had the same responsibilities, but a different job title.

#### Marketing Communications Specialist

*Schneider Electric, Oslo, NO*

*December 2018 - August 2019 (promotion from previous position)*

I was the marketing project manager for the company’s secure power division and projects for other business units. In addition, my main responsibility became idea/content creation; graphic design and copywriting/translation combined with digital marketing tasks (social media posts etc.). I added subtitles to videos, wrote press releases and coordinated PR activities. In my new role I continued to mentor the graphic design trainee.

#### Marketing Project Manager

*Schneider Electric, Oslo, NO*

*September 2017 - December 2019*

I started at Schneider Electric as a temp in September 2017 and my role became permanent in March 2018. As a part of the MarCom team I worked with colleagues from across the company on various marketing, content and design tasks.

Responsibilities included: Marketing project management, graphic design, copywriting, proofreading, translation (English and Swedish to Norwegian), concept generation, organising fair stands and webinars, content production for social media, marketing automation, writing press releases and newsletters, creating Facebook ads, mentoring a graphic design trainee, photography and retouching, filming and editing, liaising with ad agencies + various digital marketing tasks.

#### Digital Marketer

*Ekornes Beds AS, Fetsund/Greater Oslo Area, NO*

*March 2016 - July 2017*

Extended maternity cover, working on copywriting, website editing, translation and graphic design projects. One of the main responsibilities was to keep the company’s Svane brand website up to date, including editing the content in the CMS system SiteCore and writing copy in Norwegian and English.

I ran and executed the company’s first SEO project in order to improve our website’s Google rankings and ran the company’s Youtube channel. I developed new concepts for the company, such as the newsletter and an interview series with employees, from text through to layout. I developed ideas for the marketing of the Svane brand and liaised with advertising and communication agencies. In addition I liaised with the sales reps and managers at our European offices as well as chains such as Skeidar, Møbelringen, A-Møbler and Drømmeland (Denmark) regarding design and text. I wrote and designed PowerPoint presentations (in Norwegian and English) and updated the intranet and information screens. I prepared, updated and distributed iPads with the Svane app to our international markets.

## Media Design Lecturer

Høgskulen i Volda (Volda University College), Volda, NO  
August 2013 - August 2015

As a media design lecturer at Volda University College (Department of Media, ICT & Design) I taught courses in graphic design (including design thinking and typography), web design, the Adobe design software, app design, art directing, creating online campaigns (including viral marketing and social media strategies). Spring 2015 I developed and led the Creative Commercial Photography subject, all teaching in this subject was in English due to it being open for international students. In addition to leading the subject I taught pre- and post-production as well as art direction/concept development. In this subject I also booked and hosted international guest lecturers (Skype lectures and live workshop) and led daytrips/photoshoots in city and countryside locations.

## Graphic Designer and Magazine Editor

London United Busways Ltd, Greater London, UK  
February 2009 - December 2012

I developed campaigns through concept generation, copywriting, imagery and design. In addition I maintained the website and intranet, created Power Point presentations and rebranded all collateral. Further responsibilities included customer service (front-desk work, incoming customer calls) and responding to press enquiries. As a member of the environmental committee, I worked on awareness campaigns and projects aiming to reduce the company's emissions and energy consumption. I organised the annual awards dinners from planning stage to end, made the designs/visual identity, interviewed and photographed nominees, wrote the presentations and liaised with the venue.

As the editor I was responsible for the layout of the internal magazine, undertaking a complete redesign in 2011. I sourced stories, briefed journalists/photographers and edited and proofread the copy. I took some of the photos and wrote some of the articles.

## Graphic Designer (freelancer)

Nexus/h (now Southpaw), Royal Tunbridge Wells, UK  
August 2008 - November 2008

Freelance contract where I made designs and concepts for Honda Europe's 2015 promotions strategy, as well as designing DM + POS and redesigning car brochures for Honda UK. Other accounts I worked on were Club 18-30, Mondial Assistance and King 888.

## Graphic Designer (freelancer)

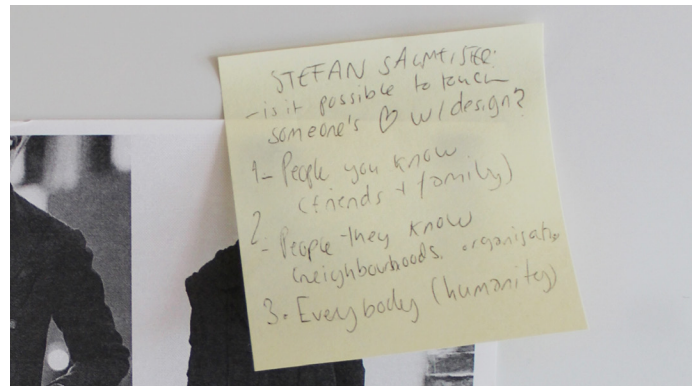

Small Japanese Soldier (part of Clinic), London, UK  
May 2007 - September 2007

Freelance contract, where I made the look, illustrations and logo for the Nokia Storyville surfing/snowboarding campaign. Designed and illustrated for clients such as Sony BMG, Warner and Universal Music. Work ranged from album covers to limited edition rock T-shirts. Made the Clinic employees into comic characters for their website.

## Graphic Designer and teacher (freelancer)

Ulstein IT Senter (now Fantastiske Osberget), Ulsteinvik, NO  
January 2007 - May 2007
